The next ZOOM program will be Friday, May 28 at 7:30 PM. For security reasons, members must write to info@nyrre.org or call 516- 660-1972 to request an invitation. The invitation, which changes every month, will be a ZOOM link or telephone number, which will be sent a few days prior to the program. This will make it difficult for the program to be disrupted.

Author Dave Morrison, a retired LIRR branch manager, discusses his book about the

railroad's Babylon Branch, which serves 15 stations from Valley Stream to Babylon and carries 18 million annual riders over its 20 miles right-of-way. The branch has been totally electrified since 1925 and has not had any street crossings at grade since 1979. There are three signal towers and four junctions for other branches on this line. Two railroad museums are housed in former branch station buildings in Wantagh and Lindenhurst.
